CREATIVE SPECIALIST | VISUAL DESIGNER

Multidisciplinary creative with 20+ years of experience conceptualizing, designing, and producing visual content across digital, animation, 3D, and multimedia platforms. Skilled at turning ideas into clear, engaging visuals and delivering high-quality creative work from brief through final production. Strong collaborator with the ability to work independently, meet deadlines, and present ideas to stakeholders.

PROFESSIONAL EXPERIENCE

Freelance Creative Designer — Self-Employed | 2002–Present

- Design and produce 2D/3D graphics, motion visuals, and multimedia content for commercial and corporate clients.
- Lead projects from concept through final delivery, ensuring alignment with brand goals and audience needs.
- Create imagery, animation, and video using Adobe Creative Suite and Autodesk Maya.
- Develop executive presentations and visual storytelling materials for business stakeholders.

Director of Media Production — AVFX, Boston, MA | 2019–2022

- Led creative production of animation, 3D, and marketing visuals for high-profile clients.
- Directed projects from concept to completion while maintaining quality, schedule, and clear communication.
- Collaborated with teams and stakeholders to refine messaging and visual storytelling.

Freelance Audio-Visual Technician — Various Clients | 2015–Present

- Managed live video systems, presentation visuals, and production support for corporate events.
- Ensured seamless visual delivery and high production quality in fast-paced environments.
